Introduce Co-Chair

(Clay Phillips will introduce Co-Chair – either rep from SEMARANAT or Consulate)

Summary of the Last Meeting

(Clay Phillips)

Review Action Items from the last meeting

(all)

1. Eric from USGS will report if his agency can determine sediment loads for transfer purposes.
2. Jim from HS will report on whether or not there is grant money available to pay for a sediment basin in northern Smuggles Gulch.
3. Maeve from the County of San Diego will report on using Nelson/Sloan quarry as a sediment disposal site.
4. Ricardo from CAL EPA will report on the future involvement of IWMB and CESPT and the City of Tijuana.

5. Clay from State Parks will report on Senator Ducheny's office interest in assisting us.
6. Don from USFWS will report on his research determining property ownership for future basins and easements.
